

ActualTech Media Announces Second Edition Published of Leading Ransomware Book

NEW YORK, New York, March 7, 2023 - [ActualTech Media](#) is pleased to announce the release of the second edition of the seminal book on how to protect networks and data from a leading modern-day scourge: "Ransomware: Understand. Prevent. Recover. 2nd Edition" Based on the need for updated information about ransomware, this highly anticipated edition features new, cutting-edge information that will keep readers one step ahead of the bad guys.

Written by one of the industry's leading ransomware experts, Allan Liska of Recorded Future, the second edition of "Ransomware: Understand. Prevent. Recover." is an essential guide to understanding what ransomware is, how it works, how to stop attacks, and how to minimize damage from any attacks that might get through. Touted as an industry reference, this book is considered a "must have" for security professionals who want to fully understand the ransomware problem, how the adversaries execute the intrusions, and many new and useful techniques to counteract targeted attacks.

Liska has more than 20 years' experience in information security and ransomware, and is regularly cited in The New York Times, The Washington Post, NBC News, and Bloomberg, among other media outlets, for his expertise in the ongoing ransomware threat.

"Ransomware: Understand. Prevent. Recover. 2nd Edition" is available for purchase on [Amazon.com](#) or free download on [Ransomware.org](#).

About Ransomware.org and ActualTech Media®

Ransomware.org is an awareness initiative of ActualTech Media; a B2B tech marketing company that connects enterprise IT vendors with IT buyers through innovative lead generation programs and compelling custom content services. ActualTech Media's team speaks to the enterprise IT audience because we've been the enterprise IT audience. Our leadership team is stacked with former CIOs, IT managers, architects, subject matter experts and marketing professionals that help our clients spend less time explaining what their technology does and more time creating strategies that drive results. ActualTech is a wholly owned subsidiary of [Future PLC](#). © Future US LLC.
